pistrict-Attorney Fellows denied yesterday that ne had any part in the alleged prearranged plan by which the Good Government Club men had filed charges against him at the supposed instance of ex-Police Commissioner Charles F. Fulter McMahon and R. W. G. Welling, two of gre Good Government complainants, both denied that they had received any "tip" from thany before filing the charges against Fellows McMahon, who is said to have been a student m Mr. MacLean's law office, denied that he or his coleagues had any consultation with Mr. MacLean one else before preferring the charges. Mr filing made a similar statement yesterday. He added that he had received a letter from ex-Senator John J. Linson, who has been appointed by Gov-ernor Flower to take testimony in the Fellows case, giving notice that the hearing would begin on Monday at 11 a. m. in the old brownstone General Ses-sions Building. Mr. Welling was of the opinion that three of the committee of five would be pres nt to take part in the hearing.
F.O. Detiman, aided by another representative of

the German-American Reform Union, was at the new Criminal Courts Building yesterday making transcripts from the records relating to forfeited bonds for use in the hearing of the Fellows rase before Commissioner Linson.

SMYTH'S WORK NEARLY ENDED.

Yesterday was Recorder Frederick Smyth's last in the bench of the Court of General Ses-s. The Recorder's term does not expire until December 31, but during the current month he will perform his work in chambers. The Recorder esterday sentenced Henry Hosier, the keeper of bogus employment office, convicted of swindling number of poor boys out of sums of money de posited by them with him, on his demand that they ist leave the deposits as security for their good must leave the deposits as security for their good behavior in places he never secured for them. Hosier's lawyer pleaded for clemency, but the Recorder told him that appeals for clemency should be made to the Governor. Then he said:
"This fellow has swindled a number of honest young men who wished to earn their living. There is a nest of rascals like this one infesting Park Row and Centre-st, who depend upon swindling fee a livelihood."

and Centre-st, who depend upon swinding a livelihood a livelihood a livelihood e Recorder sent Hosier to Sing Sing for three sand six months, a story about the origin of the Good Governat charges connected Lieutenant-Governor Sheetwith the scheme, making it appear that Mr. han had interested himself in the plan to Mr. MacLean succeed Colonel Fellows on act of the position occupied by the Lieutenanternor's brother. Police Commissioner John Chan, who has been threatened with milicial for having interfered with election Olay is the discharge of their duty on Election Day is been intimated that the Shechans believed the case of John C. would be in friendly as if ex-Police Commissioner MacLean got e District-Attorney. THE DELAY IN KARSCH'S TRIAL

order-elect John W. Goff and William Travers derome called on District-Attorney Fellows yesterday afternoon, and were in conference with him for over an hour. Colonel Fellows refused to disfor over an hour. Colonel Fellows refused to disclose the nature of the call. The chief counsel of
the Lexow Committee was also averse to making
any statement on the subject at first, but after
some hesitation he said that one of the objects of
the call on the District-Attorney was to protest
against the delay in trying one of the wilnesses
who had furnished testlmony of importance to the
lexow Committee, and had been indicted for violations of the Excise law. This was George Karsen,
one of the wilnesses who had given evidence tening to expose the methods by which abortion is
were protected in their nefarious and marderous
trade. The man had been incarcerated in the Tombs
for some time, and the case began to look like one
of persecution. In pursuance of the determination
of the committee to interfere for the purpose of
shelding its witnesses where they were unjustly
treated. Mr. Goff said that he had called Mr. Feilow's attention to Karsch's case, and insisted that
he be tried at once if there was evidence to warrant it, otherwise that his case should be disposed
of as justice might demand, without keeping him
longer in juil
Colonel Fellows replied, Mr. Goff said, that the
delay was "a mere coinciden e" in Karsch's case,
and he assured the Recorder-elect that there was

of as justice might demand, without keeping him.

Colonel Fellows replied, Mr. Goff said, that the
delay was "a mere coincidenie" in Karsch's case,
and he assured the Recorder-elect that there was
no desire on the part of the District-Attorney's
office to persecute the man. The Colonel promised
that Karsch should have a speedy trial.
Another subject that Mears: Goff and Jerome
talked with Colonel Fellows about was the flight
of Mrs. Thurow whose testimony is so important
in the prosecution of ex-Police Captain Doherty
and half a dozen former screenis and ward men.
Her indictment, with a view of having her extradited from Germany was discussed. If it can be
proved that she was furnished with money to
place herself beyond the court's jurisdiction—and
Mr. Goff thought that proof of this was obtainable-there would be no difficulty in laying the
necessary grounds for the woman's extradition.

MRS. THUROW MUST HAVE BEEN PAID. The Lexow Committee will resume the investigation of the Police Department in this city on Monday, and one of the first things which the comttee may want to know is how Mrs. Augusta Iburow was induced to leave the city so suddenly. There is reason to believe that Mrs. Thurow, who was a willing witness before the committee, was paid to go away, because without her testimony in a criminal court it will be next to impossible to convict eight ex-policemen who were indicted on her ony before the Grand Jury.

District-Attorney Fellows was asked yesterday if ere was any way in which Mrs. Thurow might be

extradited.
"Yes," he replied, "if it can be shown that she received money as a consideration for leaving the country and hot appearing as a witness in the police cases she can be brought back. That is a felony, and would be ample to secure extradition." Assistant District-Attorney McIntyre is investigating the circumstances of Mrs. Thurow's flight.

No one who is at all familiar with the circumstances doubts that having made a soleint agreement with the Southern Associated Press, an agreement with the Southern Associated Press, an agreement carried out in good faith by the latter—the Chicago organization entered upon a dealberate and persistent course which would so affront the members of the Southern Associated Press that they would abandon the whole atrangement.
